WORK EXPERIENCE

MGM Resorts International

Compliance Analyst

May 2024 – Present

Las Vegas, NV

- Conducted interviews and collaborated cross-functionally with multiple teams to gather and validate audit evidence, ensuring submissions were complete, accurate, and compliant.
- Played a key role in reducing SOX findings from eight to one year-over-year by thoroughly analyzing documentation and proactively identifying gaps, contributing to the team's best SOX review performance to date.
- Took initiative in the absence of direct management to lead efforts on the Cloud Administrator Access Audit, coordinating with stakeholders and driving progress to meet compliance deadlines.

MGM Resorts International

Computer Engineer

Dec 2022 – May 2024

Las Vegas, NV

- Resolved daily tickets through ServiceNow by addressing various technology issues, including but not limited to group permission configurations over the cloud(Azure), gaming application repairs, network setup, peripheral configuration, and ensuring uninterrupted office operations.

MGM Resorts International

Internship, Application Support

May 2022 – Oct 2022

Las Vegas, NV

- Collaborated with application team to resolve complex issues in MGM applications, improving system performance and user experience by coordinating project planning and execution, utilizing event viewer, and ensuring proper installations.

University of Hawaii at Manoa Career Center

Work-study program, Desktop Support

May 2016 – August 2018

Honolulu, HI

- Assisted students and employees with IT related issues include but not limited to general configurations and back-ups.
